## Degrees Earned

Indiana University, Bloomington, Indiana USA

Ph.D., Cognitive Science, June 2012

Advisor: Dr. Jerome R. Busemeyer

Title of dissertation: *An Investigation of Context Effects in Multi-alternative Choice Behavior through Experimentation and Cognitive Modeling*

Indiana University, Bloomington, Indiana USA

M.A., Mathematics, May 2009

Indiana University, Bloomington, Indiana USA

B.S.O.F, Music and Mathematics, May 2007

## Employment History

Indiana University

Ruth N. Halls Professor, Department of Psychological and Brain Sciences and Cognitive Science program (2022 - present)

Vanderbilt University

Associate Professor (with tenure), Department of Psychology (2019 - 2022)

Assistant Professor, Department of Psychology (2015 - 2019)

University of Chicago

Visiting Scholar, Booth School of Business (2018-2019)

University of California, Irvine

Assistant Professor, Department of Cognitive Sciences (2012 - 2015)

Affiliated Faculty, Institute for Mathematical Behavioral Sciences (2012 - 2015)

## Honors and Awards

16. Chancellor Faculty Fellow, Vanderbilt University (2020-2022)
15. Association for Psychological Science Janet Taylor Spence Award for Transformative Early Career Contributions (2020)
14. Early Investigator Award from the Society of Experimental Psychologists (2020)
13. Kilts Center Visiting Fellow, The University of Chicago Booth School of Business (August 2017)

12. William K. Estes Early Career Award, Society for Mathematical Psychology (2017)
11. Psychonomic Society Early Career Award (2016)
10. 2015 Rising Star, Association for Psychological Science (2015)
9. Select-Speaker Award, Psychonomic Society (2014)
8. Runner-up Hillel Einhorn Young Investigator Award, Society for Judgment and Decision Making (2013)
7. Outstanding Research Award, Indiana University Cognitive Science Program (2013)
6. Midwestern Cognitive Science Best Student Presentation Award (2012)
5. Society for Mathematical Psychology Student Travel Award (2009, 2011)
4. NSF/IGERT fellowship in the Dynamics of Brain-Body-Environment Systems, Indiana University Cognitive Science Program (2010-2011)
3. Graduate Women in Science Fellowship, Indiana University Graduate School and Cognitive Science Program (2007-2009)
2. David A. Rothrock Teaching Award, Indiana University Department of Mathematics (2008)
1. Hazel King Thompson Scholarship, Indiana University Department of Mathematics (2007)

## Professional Affiliations

Society of Experimental Psychologists, Lifetime Fellow

Association for Psychological Science, Fellow

Psychonomic Society, Fellow

Cognitive Science Society

Society for Judgment and Decision Making

Society for Mathematical Psychology

## Research Grants

### *Submitted*

1. National Institutes of Health (submitted). Title: *Studies of Online Cohorts for Internalizing symptoms in Language (SOCIAL) insights into late-age adolescent (18-20) social media use*. **Role: Co-I** (PI: Danny Valdez, IUB).

*Awarded*

12. Alfred P. Sloan Foundation. Title: *Cognitive Economics at Work*. Total Amount: \$160,487 to IUB. **Role: PI for IU** (PI: Andrew Caplin, New York University). 2023-2026.
11. National Science Foundation (SES-2242962). Title: *Advanced Bayesian Methods for Generalized Choice Response Time Models of Decision-making*. Total Amount: \$330,000. **Role: Co-PI** (PI: William Holmes, IUB). 2023-2026
10. National Science Foundation (SES-1846764). Title: *CAREER: The Dynamics of Contextual Sensitivity in Multi-alternative Choice*. Total Amount: \$604,258. Direct Costs: \$400,867. Indirect Costs: \$203,391. **Role: PI** (sole investigator). 2019-2024.
9. Australian Research Council Discovery Project (DP190101996). Title: *Context Dependent Flower Choice in Honey Bees*. Amount: \$609,901 AUD. **Role: Partner Investigator** (PI: Tanya Latty). 2019-2021.
8. Alfred P. Sloan Foundation Research Fellowship in Neuroscience. Direct Costs: \$60,000. **Role: PI** (sole investigator). 2017-2021.
7. Vanderbilt University School of Medicine Department of Pathology, Microbiology, and Immunology Clinical and Translational Research Enhancement Awards.
  - Title: *Investigation of cognitive factors involved in diagnostic decision-making in pathology*. Direct Costs: \$4,000. **Role: Co-PI**. (PI: Quentin Eichbaum; Co-PIs: William Holmes). 2017-2018.
  - Title: *A mobile VUMC Pathology Lab to Investigate Diagnostic Decision-making Errors*. Direct Costs: \$4,000. **Role: Co-PI**. (PI: Quentin Eichbaum; Co-PIs: William Holmes). 2018-2019.
6. Vanderbilt University Trans-Institutional Program. Title: *Vanderbilt Initiative for Intelligent Resilient Infrastructure Systems (IRIS)*. Direct Costs: \$197,762. **Role: Co-PI**. (PI: Caglar Oskay; Co-PIs: Mark Abkowitz, Hiba Baroud, Ralf Bennartz, Craig Philip). 2016-2018.
5. Vanderbilt International Research Grant. Title: *Computational Models of Dynamic Decision-making*. Direct Costs: \$20,000. **Role: PI**. (Co-PIs: William Holmes and Andrew Heathcote). 2016-2017.
4. National Science Foundation (SES-1556325). Title: *The Impact of Dynamically Changing Information on Decision Processes*. Total Amount: \$340,456. Direct Costs: \$224,282. Indirect Costs: \$116,174. **Role: PI**. (Co-PI: William Holmes). 2015-2019.
  - Supplement 1: Research Experience for Undergraduates. Direct Costs: \$6,000.
  - Supplement 2: Research Experience for Undergraduates. Direct Costs: \$19,076.
3. Australian Research Council Discovery Early Career Research Award (DE150101301). Title: *Cognitive Models of Human Decision-making in Cybersecurity Settings*. Amount: \$360,000 AUD. **Role: Chief Investigator** (sole investigator). 2015-2018.
  - Relinquished June 2015 due to acceptance of position at Vanderbilt University.
2. National Science Foundation (SES-1326275 / SES-1556415). Title: *Applications of Quantum Probability Theory to Human Causal Reasoning*. Total Amount: \$311,434 (total awarded to UCI in 2013). Direct Costs (awarded to Vanderbilt): \$113,281. Indirect Costs (awarded to Vanderbilt): \$64,530. **Role: PI** (sole investigator). 2013-2017.
1. Leverhulme Trust. Title: *Quantum similarity: harnessing the flexibility of human similarity judgments*. Amount: £98,962. **Role: Co-PI**. (PI: Emmanuel Pothos). 2013-2015.

**Publications**

\* = Papers written by a trainee under my supervision (not all use the last-author convention).

*Manuscripts under Review / Revision*

5. Hasan, E., Liu, Y., Owens, N., \***Trueblood, J. S.** (in revision). A registered report on presentation factors that influence the attraction effect.

## Presentations

### Invited Talks

46. Leveraging Deep Representations in Cognitive Models of Naturalistic Human Decision-making. *Netflix* (2023, March)  
– Virtual talk
45. Contextual Sensitivity in Multi-alternative Decision-making. *Rady School of Management, University of California, San Diego* (2023, March)  
– In person talk; full travel support provided by host
44. Contextual Sensitivity in Multi-alternative Decision-making. *The Wharton School of the University of Pennsylvania* (2023, February)  
– In person talk; full travel support provided by host
43. Behavioral Science Contributions to Medical Image Decision-making. *Cornell SC Johnson College of Business, Cornell University* (2022, October)  
– In person talk; full travel support provided by host
42. Contextual Sensitivity in Multi-alternative Decision-making. *The Zanvyl Krieger Mind/Brain Institute, Johns Hopkins University* (2022, September)  
– In person talk; full travel support provided by host

41. Behavioral Science Contributions to Medical Image Decision-making. *Sloan-NOMIS Summer School on Cognitive Foundations of Economic Behavior, Vitznau Switzerland* (2022, June)
  - In person talk; full travel support provided by host
40. Contextual Sensitivity in Multi-alternative Decision-making. *Department of Psychological and Brain Sciences, Indiana University Bloomington* (2022, January)
  - In person talk; full travel support provided by host
39. Attentional Dynamics Explain the Elusive Nature of Context Effects. *Social, Economic, and Decision Psychology Research Seminar, University of Basel, Switzerland* (2021, November)
  - Virtual talk
38. Leveraging Deep Representations in Cognitive Models of Naturalistic Human Decision-making. *Cognitive Science Program, Indiana University Bloomington* (2021, October)
  - In person talk; full travel support provided by host
37. Harnessing Machine Intelligence to Understand Naturalistic Human Decision-making. *Department of Psychological & Brain Sciences, University of California Santa Barbara* (2021, September)
  - In person talk; full travel support provided by host
36. Similarity-based Attention Explains the Elusiveness of Context Effects. *Center for Adaptive Rationality, Max Planck Institute for Human Development.* (2021, August)
  - Virtual talk
35. The Dynamics of Contextual Sensitivity in Multi-alternative Choice. *Institute for Mind and Brain Colloquium, University of South Carolina.* (2020, November)
  - Virtual talk
34. Urgency, Leakage, and the Relative Nature of Information Processing in Decision-making. *Institute for the Study of Decision Making, New York University* (2019, October)
  - Full travel support provided by host
33. Prevalence induced Biases in Medical Image Decision-making. Presentation at the “Cognition and Medical Image Perception Think Tank” meeting at the National Cancer Institute (2019, September)
  - Full travel support provided by host
32. Urgency, Leakage, and the Relative Nature of Information Processing in Decision-making. Keynote presentation at the Meeting of the European Mathematical Psychology Group, University of Heidelberg (2019, August)
  - Full travel support provided by host
31. Understanding and Reducing Diagnostic Errors in Pathology Image-based Decision-making. *Medical College of Georgia, Augusta University* (2019, March)
  - Full travel support provided by host
30. The Dynamics of Information Processing in Decision-making. *Behavioral Science Workshops, Center for Decision Research, The University of Chicago Booth School of Business* (2019, March)
  - Full travel support provided by host through Visiting Scholar position
29. The Dynamics of Context-dependent Preferences. *Behavioral Decision Making Group, UCLA Anderson School of Management* (2018, December)
  - Full travel support provided by host

28. The Dynamics of Contextual Sensitivity in Multi-alternative Choice. *Department of Psychology, Yale University* (2018, October)
  - Full travel support provided by host
27. How the Heck Did I Miss That: What Can Behavioral Science Tell Us about Clinical Pathology? *Annual Meeting of the American Society of Clinical Pathology* (2018, October)
  - Educational session co-presented with Jeremy Wolfe (Harvard Medical School)
  - Partial travel support provided by host
26. The Dynamics of Contextual Sensitivity in Multi-alternative Choice. Keynote presentation at the *The 51st Annual Meeting of the Society for Mathematical Psychology* (2018, July)
  - Partial travel support provided by host
25. The Dynamics of Choice. *Cognitive Science Colloquium, The University of Arizona* (2018, April)
  - Full travel support provided by host
24. A Quantum Probability Approach to Human Inference. *The University of Chicago Booth School of Business* (2017, August)
  - Full travel support provided by host through Kilts Center Visiting Fellow position
23. The Dynamics of Choice. *Mini-symposium hosted by the Graduate School Field Committee in Decision Science, The University of Maryland* (2017, April)
  - Full travel support provided by host
22. The Dynamics of Choice. *Marketing Workshop, The University of Chicago Booth School of Business* (2017, March)
  - Full travel support provided by host
21. A Quantum Probability Framework for Human Probabilistic Inference. *S.C. Johnson Graduate School of Management, Cornell University* (2016, October)
  - Full travel support provided by host
20. A Quantum Probability Framework for Causal Inference. Keynote speaker at the *International Conference on Cognitive Modeling, The Pennsylvania State University* (2016, August)
  - Full travel support provided by host
19. A Quantum Probability Approach to Causal Reasoning. *Summer School in Cognitive Science hosted by the Cognitive Science Institute at the University of Quebec at Montreal* (2016, June)
  - Full travel support provided by host
18. Sequential Sampling Models of Changing Information. *Workshop on Sequential Sampling Models of Decision-making hosted by The Center of Economic Psychology at the University of Basel, Emmetten, Switzerland* (2016, May)
  - Full travel support provided by host
17. Applications of Cognitive Models to Medical Decision-making and Clinical Science. *Quality Scholars Fellowship Program, Department of Veterans Affairs and Vanderbilt School of Nursing* (2016, March).
16. Applications of Cognitive Models to Medical Decision-making and Clinical Science. *Biomedical Informatics Seminar, Vanderbilt School of Medicine* (2016, March).
15. A Quantum Geometric Approach to Causal Reasoning. *School of Psychological Sciences, University of Melbourne, Australia* (2015, May).

14. The Influence of Context and Changing Information on Choice. Job talk at *Carnegie Mellon University, Emory, Ohio State University, Ohio University, University of Colorado Boulder, University of Michigan, Vanderbilt* (2015, January - March)
  - Full travel support provided by hosts
13. A Quantum Bayes Net Approach to Causal Reasoning. *Winer Memorial Lectures, Purdue University* (2014, November).
  - Full travel support provided by host
12. The Role of Context in Multi-alternative Decision-making. *Psychology Department Colloquium Series, University of Kentucky, Lexington* (2014, February).
  - Full travel support provided by host
11. A Quantum Probability Approach to Decision-making and Causal Reasoning. *Psychology Department Colloquium Series, University of Virginia, Charlottesville* (2014, January).
  - Full travel support provided by host
10. A Quantum Probability Approach to Causal Reasoning. *Institute for Mathematical Behavioral Sciences, University of California, Irvine* (2013, December).
9. Applications of Quantum Probability Theory to Decision-making and Causal Reasoning. *Center for Cognitive Science Colloquium, Rutgers University* (2013, October).
  - Full travel support provided by host
8. Quantum Probability Models of Cognition and Decision-making. Tutorial given at the *Interdisciplinary College (IK2013), Günne, Germany* (2013, March).
  - Full travel support provided by host
7. Modeling Order Effects in Inference and Causal Reasoning with Quantum Probability Theory. *Mind, Technology, and Society Talk Series, University of California, Merced* (2013, March).
  - Full travel support provided by host
6. Modeling Human Judgments with Quantum Probability Theory. *Institute for Mathematical Behavioral Sciences, University of California, Irvine* (2012, November).
5. Modeling Human Judgments with Quantum Probability Theory. *Department of Psychology, University of California, San Diego* (2012, October).
  - Full travel support provided by host
4. A Hierarchical Diffusion Model of the Decision Processes of Substance Abusers in the Go/No-Go Discrimination Task. *Cognition and Brain Sciences Seminar, University of Victoria, Canada* (2012, January).
3. A Simple Dynamical Model of Context Effects in Multi-Alternative Decisions. *Center for the Study of Choice, University of Technology Sydney, Australia* (2011, October).
2. Modeling the Decision Processes of Substance Abusers in the Go/No-Go Discrimination Task. *Psychology Colloquium Series, University of Newcastle, Australia* (2011, August)
1. A Quantum Probability Model of Order Effects in Human Inference. *MITACS/PIMS Mathematical Biology Seminar, University of British Columbia, Vancouver, Canada* (2011, March).

*Conference Oral Presentations*

50. Training Machine Learning Models with Labels obtained via Wisdom of the Crowd. The 23rd Annual Summer Interdisciplinary Conference, Kranjska Gora, Slovenia (2023, July)
49. Contextual Sensitivity in Naturalistic Multi-alternative Choice. Annual Meeting of the Society for Mathematical Psychology, University of Amsterdam (2022, November)
48. Contextual Sensitivity in Naturalistic Multi-alternative Choice. The 43rd Annual Conference of the Society for Judgment and Decision, San Diego, California (2022, November)
47. Similarity-based Attention Explains the Elusiveness of Context Effects. The 42nd Annual Conference of the Society for Judgment and Decision, virtual (2022, February)
46. Workshop on Human and Machine Decisions, Neural Information Processing Systems (NeurIPS) Conference, virtual (2021, December)
  - Invited panelist
45. When a gain becomes a loss: The effect of wealth predictions on financial decisions. Psychonomic Society Annual Meeting, virtual (2021, November)
44. When a gain becomes a loss: The effect of wealth predictions on financial decisions. Society for Mathematical Psychology, virtual (2021, July)
43. Leveraging Cognitive and Neural Network Models to Understand and Improve Medical Image Decision-making. 11th annual Interdisciplinary Symposium on Decision Neuroscience, virtual (2021, June)
  - Invited speaker
42. Behavioral Approaches to Financial Decision Making Conference, Fama-Miller Center, University of Chicago, virtual (2020, September)
  - Invited discussant
41. Modeling Context Effects as the Accumulation of Simple Comparisons. The 40th Annual Conference of the Society for Judgment and Decision, Montreal, Canada (2019, November)
40. Urgency, Leakage, and the Relative Nature of Information Processing in Decision-making. Psychonomic Society's 60th Annual Meeting, Montreal, Canada (2019, November)
39. Thinking Fast Does Not Increase Temporal Myopia in Decision-making. The Association for Consumer Research Conference, Atlanta, Georgia (2019, October)
38. Context Effects Explained through the Accumulation of Simple Comparisons. The Association for Consumer Research Conference, Atlanta, Georgia (2019, October)
37. Beliefs about Future Wealth and their Impact on Financial Decisions. The Association for Consumer Research Conference, Atlanta, Georgia (2019, October)
36. Prevalence induced Biases in Medical Image Decision-making, The 52nd Annual Meeting of the Society for Mathematical Psychology, Montreal, Canada (2019, July)
35. Reducing Errors in Pathology Image-based Decisions through Maximum Confidence Slating. Medical Image Perception Society XVIII, University of Utah, Salt Lake City, Utah (2019, July)
34. Workshop on Integrating Cognitive and Economic Decision Models. 11th Triennial Invitational Choice Symposium, Chesapeake Bay, Maryland (2019, May)

33. The Influence of Time Pressure and Prevalence in Pathology Image-based Decision-making. Psychonomic Society's 59th Annual Meeting, New Orleans, Louisiana (2018, November)
32. The Reproducibility Crisis and its Relationship to Cognitive Modeling. The 51st Annual Meeting of the Society for Mathematical Psychology, Madison, Wisconsin (2018, July)
31. Investigating the Cognitive Processes in Cancer Image Identification. Psychonomic Society's 58th Annual Meeting, Vancouver, Canada (2017, November)
30. The impact of the strength and duration of early information on perceptual decision-making. The 50th Annual meeting of the Society for Mathematical Psychology, University of Warwick, UK. (2017, August)
29. Using perceptual decision-making to understand preference reversals in multi-attribute choice. Computational and Systems Neuroscience Workshops, Snowbird, Utah. (2017, February).
28. Modeling perceptual decision-making under changing information. Computational and Systems Neuroscience Workshops, Snowbird, Utah. (2017, February).
27. Modeling Changing Information in Perceptual Decision-making. Psychonomic Society's 57th Annual Meeting, Boston, Massachusetts. (2016, November).  
– Partial travel support provided by host
26. Dynamic Models of Changing Information. The 49th Annual meeting of the Society for Mathematical Psychology, New Brunswick, NJ. (2016, August)
25. When are causal representations quantum versus classical? The 15th Annual Summer Interdisciplinary Conference, Selva Val Gardena, Italy. (2016, July).
24. Quantum Models of Human Causal Reasoning. 2016 Information Theory and Applications Workshop, San Diego, California. (2016, February).  
– part of an invited symposium on Non-commutative Probability and Information Models in Inference and Control
23. Modeling Changing Information in Perceptual Decision-making with the Piecewise Linear Ballistic Accumulator Model. The Computational Approaches to Cognition Symposium hosted by the Society for Mathematical Psychology, Chicago, Illinois. (2015, November).
22. The Fragile Nature of Context Effects in Multi-alternative Choice. The 48th Annual meeting of the Society for Mathematical Psychology, Newport Beach, California. (2015, July).
21. A Quantum Probability Approach to Human Causal Reasoning. Australian Mathematical Psychology Conference, Newcastle, Australia. (2015, February).
20. A Quantum Probability Approach to Human Causal Reasoning. Psychonomic Society's 55th Annual Meeting, Long Beach, California. (2014, November).  
– Select-Speaker Award
19. A Quantum Probability Approach to Human Causal Reasoning. The 47th Annual meeting of the Society for Mathematical Psychology, Quebec City, Canada. (2014, July).
18. Quantum refrigerators: A quantum model of conjoint recognition in natural scenes. The 47th Annual meeting of the Society for Mathematical Psychology, Quebec City, Canada. (2014, July).
17. A Quantum Probability Approach to Human Causal Reasoning. The 36th Annual Conference of the Cognitive Science Society, Quebec City, Canada. (2014, July).

16. A Quantum Probability Approach to Causal Reasoning. The 52nd Edwards Bayesian Research Conference, Fullerton, California. (2014, February).
15. A Dynamic Dual-Process Model of Risky Decision-making. The 46th Annual meeting of the Society for Mathematical Psychology, Potsdam, Germany. (2013, August).
14. A Dynamic Dual-Process Model of Decision-making Under Uncertainty. The 35th Annual Conference of the Cognitive Science Society, Berlin, Germany. (2013, August).
13. Modeling Reference Dependent Preference Reversals. The 12th Annual Summer Interdisciplinary Conference, Cortina, Italy. (2013, July).
12. The Multi-attribute Linear Ballistic Accumulator Model of Context Effects in Multialternative Choice. The 33rd Annual Conference of the Society for Judgment and Decision Making, Minneapolis, Minnesota. (2012, November).
11. The Multiattribute Linear Ballistic Accumulator Model of Context Effects in Multi-alternative Choice. Annual meeting of the Society for Mathematical Psychology, Columbus, Ohio. (2012, July).
10. Hierarchical Bayesian Estimation of Quantum Decision Model Parameters. Quantum Interaction, Paris, France. (2012, June).
9. An Investigation of Context Effects in Multi-alternative Choice Behavior. Midwestern Cognitive Science Conference, Bloomington, Indiana. (2012, May).
8. Modeling Response Times in the Go/No-Go Discrimination Task. Annual meeting of the Society for Mathematical Psychology, Boston, Massachusetts. (2011, July).
7. A Cue Imputation Bayesian Model of Information Aggregation. Annual Conference of the Cognitive Science Society, Boston, Massachusetts. (2011, July).
6. A Dynamic Model Response Times in the Go/No-Go Discrimination Task. Midwest Cognitive Science Meeting, East Lansing, Michigan. (2011, April).
5. The 31st Annual Conference of the Society for Judgment and Decision Making, St. Louis, Missouri. (2010, November).
4. What is the Evidence for Quantum Like Interference Effects in Perception? Fechner Day 2010: The 26th Annual Meeting of the International Society for Psychophysics, Padua, Italy. (2010, October).
3. Explaining Order Effects: The Belief-Adjustment Model Versus The Quantum Inference Model. Annual meeting of the Society for Mathematical Psychology, Portland, Oregon. (2010, August).
2. A Comparison of the Belief-Adjustment Model and the Quantum Inference Model as Explanations of Order Effects in Human Inference. Annual Conference of the Cognitive Science Society, Portland, Oregon. (2010, August).
1. An Introduction to the Quantum Inference Model with an Application to Legal Inferences. Annual meeting of the Society for Mathematical Psychology, Amsterdam, Netherlands. (2009, August).

### *Conference Poster Presentations*

9. The Phantom Decoy Effect in Perceptual Decision-making. The 36th Annual Conference of the Society for Judgment and Decision Making, Chicago, Illinois. (2015, November).
8. The Piecewise Linear Ballistic Accumulator Model of Decision-Making Under Changing Information. The 56th Annual Meeting of the Psychonomic Society, Chicago, Illinois. (2015, November).

7. A Quantum Approach to Causal Inference. The 35th Annual Conference of the Society for Judgment and Decision Making, Long Beach, California. (2014, November).
6. Reference-dependent Preference Reversals: A Dynamic Modeling Account. The 34th Annual Conference of the Society for Judgment and Decision Making, Toronto, Canada. (2013, November).
5. The Multi-attribute Linear Ballistic Accumulator Model: A Dynamic Account of Context Effects in Decision-making. The 54th Annual Meeting of the Psychonomic Society, Toronto, Canada. (2013, November).
4. The Multi-attribute Linear Ballistic Accumulator Model of Decision-making. The 35th Annual Conference of the Cognitive Science Society, Berlin, Germany. (2013, August).
3. What is the Evidence for Context Effects in Inference? The 32nd Annual Conference of the Society for Judgment and Decision Making, Seattle, Washington. (2011, November).
2. What is the Evidence for Context Effects in Inference? The 52nd Annual Meeting of the Psychonomic Society, Seattle, Washington. (2011, November).
1. Modeling Response Times in the Go/No-Go Discrimination Task. Annual Conference of the Cognitive Science Society, Boston, Massachusetts. (2011, July).

## Teaching

### *Indiana University, Bloomington*

Courses taught as a faculty member (since 2022)  
Undergraduate Level

1. P457: The Science of Choice (Spring 2023)  
– New course in Spring 2023

### *Vanderbilt University*

Undergraduate Level

1. PSY 3755: Behavioral Decision-making (Spring 2017, Fall 2017, Spring 2020, Spring 2021)  
– New course in Spring 2017

Graduate Level

1. PSY 8551 / PSY 8505 : Judgment and Decision-Making (Spring 2016, Spring 2018)  
– New course in Spring 2016 (new course number in Spring 2018)
2. PSY 8551: Bayesian Cognitive Modeling (Fall 2016, Fall 2019)  
– New course in Fall 2016; Significant revision in Fall 2019
3. PSY 6200: Bayesian Modeling with Python (Fall 2020)  
– Previously PSY 8551: Bayesian Cognitive Modeling
4. PSY 6300: Research Seminar (Fall 2021)

## *University of California, Irvine*

### Undergraduate Level

1. Decision-making under Uncertainty (Spring 2013, Fall 2014)
  - New course
2. Probability and Statistics II (Winter 2013, 2014, 2015)

### Graduate Level

1. Theories in Judgment and Decision-making (Fall 2012, Spring 2014)
  - New course
2. Cognition II (Winter 2014, 2015)
  - New course

## *Indiana University, Bloomington*

Courses taught as a PhD student (prior to 2012)

### Undergraduate Level

1. Math & Logic for Cognitive Science (2009)
  - Instructor of record
2. Precalculus Mathematics (2009)
  - Teaching assistant
3. Mathematics for Elementary Teachers (2008)
  - Instructor of record

## Research Supervision

### *Indiana University, Bloomington*

#### Postdoctoral Fellows

1. Yanjun Liu (2022-2023)
2. William Hayes (2022-2023)

#### Graduate Students

1. Eeshan Hasan, PBS and CogSci (2022-present)
2. Gunnar Epping, PBS and CogSci (2022-present)
  - Co-advised with Jerome Busemeyer
3. Phillip Hegeman, PBS and CogSci (2023-present)
4. Hoyoung Doh, PBS and CogSci (2023-present)

#### Graduate Student Committees

1. Adam Huang, PBS and CogSci (2022-present)
2. Dan Levitas, PBS (2022-2023)
3. Andrew Edinger, CogSci and Informatics (2023-present)
4. Tyler Kelly, PBS and CogSci (2023 - present)

## *Vanderbilt University*

### Postdoctoral Fellows

1. Yanjun Liu (2020-2022)
2. Kyndra Cleveland (2017-2019)  
– co-advised with Judy Garber and supported by the Academic Pathways postdoctoral program at Vanderbilt
3. Nathan Evans (2017-2018)
4. James Yearsley (2015-2017)

### Graduate Students

1. Eeshan Hasan (2019-2022)
2. Adam Ramsey (2019-present)
3. Breanna Crane (2017-2018)
4. Siyuan Yin (2016-2017)  
– M.S. 2017

### First and Second Year Committees

1. Eeshan Hasan, Chair (1st year: April 29, 2020)
2. Adam Ramsey, Chair (1st year: April 30, 2020)
3. Huiyan Miao (2nd year: April 17, 2020)
4. Breanna Crane, Chair (1st year: April 26, 2018)
5. Jonathan Parillo (1st year: April 24, 2018)
6. Hojin Jang (1st year: April 27, 2017)
7. Lauren Hartsough (1st year: April 22, 2016; 2nd year: April 26, 2017)

### Qualifying Exam Committees

1. Lauren Hartsough (May 1, 2018)
2. Siyuan Yin, Chair (June 7, 2017)
3. Jason R. Cody (Computer Science, December 14, 2016)

### Dissertation Committees

1. Jason R. Cody (Computer Science, Defense on March 23, 2018)
2. Lauren Hartsough (Psychology, proposal on December 11, 2019, defense on November 13, 2020)

### Undergraduate Students

1. Alexandra Cuc, Honors (2020-2021)
2. Ke Lai, Honors (2021-present)

3. Yun-Jang Liu (2020 - 2021)
4. Claire Hanson, Data Science Summer Research Program (2020)
5. Nicole Owens, NSC 3860 (2020 - 2021)
6. Reena Zhang, Honors and Data Science Summer Research Program (2020-2021)
7. Catherine Nayeon Kim (2019)
8. Andrea Liberman, PSY 3840 Directed Study and Honors (2017-2019)
9. Payton O'Daniels, NSF REU student and Research Assistant (2017-2019)
10. Lin Fei, PSY 3840 Directed Study (2017-2018)
11. Kevin Jin, NSF REU student (Spring 2018)
12. Mingqian Wu, PSY 3840 Directed Study (Spring 2018)
13. Aneesha Dasari, NSF REU student, NSC 3861 Directed Study, PSY 3840 Directed Study (2016-2017)
14. Grace Huang, NSF REU student (Spring 2017)
15. Megan Woodruff, NSF REU student (2016-2017)
16. Daier Yun, PSY 3840 Directed Study (2016-2017)
17. Paul Kim, PSY 3840 Directed Study (Fall 2016)
18. Jared Ohlund, NSF REU student (Spring and Summer 2016)

#### Honors Committees

1. Tiffany Farina (April 21, 2016)
2. Yimin Qui (April 21, 2016)

#### *University of California, Irvine*

##### Graduate Students

1. Percy Mistry (2013-2018)
  - PhD 2018
2. Lisa Guo (2013-2017)
  - PhD 2017

##### Concentration Exam Committees

1. Percy Mistry, Chair (December 10, 2014)

##### Advancement Exam Committees

1. Lisa Guo, Co-chair (December 11, 2015)
2. Percy Mistry, Co-chair (July 27, 2015)
3. Kyle Stephens (September 8, 2014)
4. Kalin Agrawal (January 24, 2014)

5. Tomas McIntee (September 19, 2013)

#### Dissertation Defense Committees

1. Percy Mistry, Co-chair (May 29, 2018)
2. Lisa Guo, Co-chair (May 5, 2017)

#### Undergraduate Students

1. Emily Liu (2014-2015)
2. Marilisa Raju (2013-2015)
3. Amy Carr (2013-2014)
4. Cordelia Chou (2013-2014)
5. Natalie Rustrian (2014)
6. Sophia Sung (2013-2014)
7. Arjun Corey Bakshi (2013)

## Service

### *Indiana University: Department and University Service*

1. Student Award Committee Member, PBS (2022 - present)
2. Non-Tenure Track Cognitive Psychology Lecturer Hiring Committee, PBS (Spring 2023)
3. Faculty 100 Human and Artificial Intelligence Hiring Committee, PBS and CogSci (Spring 2023)
4. Committee member, PostCom, PBS (2023-present)

### *Vanderbilt University: Department and University Service*

1. Director of Graduate Studies, Department of Psychology, Vanderbilt (2021 - 2022)
2. AI Institute Advisory Committee (Spring 2022)
3. Graduate area head for the Cognition and Cognitive Neuroscience group, Department of Psychology, Vanderbilt (2015-2021)
4. Data Science: Next Generation committee, Vanderbilt University (2020)
5. Steering Committee, Parsing the Pandemic: Finding Solutions to COVID-19 (2020 - 2022)  
– Grand Challenge Initiative, Vanderbilt University College of Arts & Science
6. Discovery Grant committee, Vanderbilt University (Spring 2017, 2018)

### *University of California, Irvine: Department and University Service*

1. Panelist, "Negotiating an Academic Job Offer", graduate student workshop organized by the Career Center, University of California, Irvine (September 2013)
2. Conference organizer, "Quantum Thinking Conference", Institute for Mathematical Behavioral Sciences, University of California, Irvine (February 2013)

*Professional Service: Leadership Roles*

1. Member, Committee on Future Directions for Applying Behavioral Economics to Policy, National Academies of Sciences Engineering and Medicine (2022-present)
2. Program Committee, Society for Judgment and Decision Making (2021-2024)
3. President, Society for Mathematical Psychology (2017-2019)
4. Board member (elected), Society for Mathematical Psychology (2015 - 2021)  
– President-elect (2016-2017)
5. Advisory board member, Women in Cognitive Science (2014-present)
6. Co-organizer, Women of Mathematical Psychology Professional Development Symposium (2013-present)
  - i. "Networking and Collaboration", The 46th Annual Meeting of the Society for Mathematical Psychology, Potsdam, Germany (August 2013)
  - ii. "Negotiation: Data and Advice", The 47th Annual Meeting of the Society for Mathematical Psychology, Quebec City, Canada (July 2014)
  - iii. "Demystifying and Mastering the Peer Review Process", The 48th Annual Meeting of the Society for Mathematical Psychology, Newport Beach, California (July 2015)
  - iv. "Reaching out from the Ivory Tower: Building Bridges with Industry, Public Policy, and Government", The 49th Annual Meeting of the Society for Mathematical Psychology, New Brunswick, NJ (August 2016)
  - v. "CV and Resume Writing Workshop", The 50th Annual Meeting of the Society for Mathematical Psychology, University of Warwick, UK (July 2017)
  - vi. "Learning to say no and Saying "Yes" Strategically", The 51st Annual Meeting of the Society for Mathematical Psychology, University of Wisconsin, Madison (July 2018)
  - vii. "Effective Communication for Conflict Management", The 52nd Annual Meeting of the Society for Mathematical Psychology, Montreal, Canada (July 2019)
7. Steering committee member, Society for Computers in Psychology (2014-2017)
8. Co-organizer, The 48th Annual Meeting of the Society for Mathematical Psychology, Newport Beach, California (July 2015)

*Professional Service: Editorial and Reviewing Roles*

1. Associate Editor, *Cognitive Research: Principles and Implications* (2022-present)
2. Associate Editor, *Management Science* (2021-2023)
3. Associate Editor, *Cognitive Psychology* (2020-2021)
4. Panelist, National Science Foundation Methodology, Measurement, and Statistics Program (2019-2021)
5. Consulting Editor, *Behavior Research Methods* (2017 - 2019)
6. Editorial board member, *Decision* (2016-present)
7. Consulting Editor, *Journal of Mathematical Psychology* (2014 - present)

8. Ad Hoc Panelist, National Institutes for Health, Cognition and Perception Study Section (October 2017)
9. Ad Hoc Panelist, National Science Foundation (December 2015)
10. Ad Hoc Reviewer: Air Force Office of Scientific Research; Annual Conference of the Cognitive Science Society; Australian Research Council; Behavioral and Brain Sciences; Canadian Journal of Experimental Psychology; Cognition; Cognitive Psychology; Cognitive Science; Computational Brain & Behavior; Decision; Econometrica; Economic & Social Research Council (United Kingdom); Experimental Psychology; Frontiers in Psychology; Journal of Behavioral Decision Making; Journal of Consumer Research; Journal of Experimental Psychology: General; Journal of Experimental Psychology: Learning, Memory, and Cognition; Journal of Mathematical Psychology; Journal of Memory and Language; Management Science; National Institute for Occupational Safety and Health; National Science Foundation; Nature Neuroscience; Oxford Handbook of Computational and Mathematical Psychology; Perspectives on Psychological Science; PLOS ONE; Proceedings of the National Academy of Sciences; Psychological Science; Psychological Services; Psychonomic Bulletin & Review; Psychological Review; Research Foundation Flanders (FWO); Scientific Reports; Society for Judgment and Decision Making Conference; Thinking & Reasoning; The International Quantum Interaction Conference; Transportation Research Part B; TopiCS; Quarterly Journal of Experimental Psychology

### *Other Professional Service*

1. Panelist, Society for Judgment and Decision Making Virtual Doctoral Symposium (June, 2023)
2. Co-organized a panel discussion titled "Models of Behavioral Decision Making" at the Association for Consumer Research (October, 2019)
  - Panel to raise awareness of theoretical and modeling work in psychology and its application to marketing research
3. Co-organizer, "Contemporary Cognitive Approaches to Decision-Making", The 40th Annual Conference of the Cognitive Science Society, Madison, Wisconsin (July 2018)
4. Instructor, "Fifth European Summer School on Computational and Mathematical Modeling of Cognition", Couches, France (July 2018)
5. Panelist, "Workshop on Robust Social Science", St. Petersburg, Florida (June 2018)
6. Co-organizer, "Computational tools for developing and testing models of quantum cognition", supported by the William K. and Katherine W. Estes Fund, University of Warwick, UK (July 2017)
7. Graduate student travel award selection committee, Psychonomic Society (2015)
8. Co-organizer, full-day tutorial "Quantum Models of Cognition and Decision"
  - i. The 36th Annual Conference of the Cognitive Science Society, Quebec City, Canada (July 2014)
  - ii. The 37th Annual Conference of the Cognitive Science Society, Pasadena, California (July 2015)
  - iii. The 38th Annual Conference of the Cognitive Science Society, Philadelphia, Pennsylvania (August 2016)
9. Program committee, International Quantum Interaction Conference (2014, 2015)
10. Panelist, "Empowering the Miner, Gaps and Needs: A Meeting of Experts", National Research Council, Beckman Center of the National Academies, Irvine, CA (February 2014)
11. Judge, student poster competition, the 33rd, 34th, 35th Annual Conferences of the Society for Judgment and Decision Making (November 2012, 2013, 2014)

### Outreach

1. Speaker, Girls Achieving in Non-traditional Subjects (GAINS) program at Santa Clara High School, California (March 2022)
  - Virtual presentation
2. Faculty Mentor, School for Science & Math at Vanderbilt (2020)
  - SSMV offers high school students the opportunity to engage in an independent research project under the mentorship of a research faculty during their junior and senior years
3. Faculty Mentor, Research Experience for High School Students sponsored by the Vanderbilt Center for Science Outreach (2017)
  - 6 week internship for high school students to engage in an independent research project under the mentorship of a research faculty member at Vanderbilt.
4. Volunteer Presenter, TWISTER (Tennessee Women in Science, Technology, Engineering & Research) conference for high school girls (2017)
  - A daylong professional conference for high school girls, presented by women working in STEM (Science, Technology, Engineering and Research) professions.
5. Invited speaker, Arts Appetizer sponsored by the Tennessee Performing Arts Center, Nashville, TN (June 2016)
  - Event with cast members of the national tour of the Broadway musical IF/THEN discussing the impact of everyday choices as portrayed in the show as well as the psychology of human decision-making
